GAME INSTALLATION

Smart Start™

In an effort to make game installation as painless as possible, we've created Smart Start™. Smart Start™ will automatically determine the graphics, sound, input devices and the speed capability of your computer system to optimize game characteristics. Smart Start™ will also take you step-by-step through the process of installing your game on a hard drive or making a backup copy. Don't be intimidated, just jump in and try it!

In the example below it is assumed that you are using floppy drive A, if not please substitute all references to drive A with the appropriate drive label.

Copying *Heart of China* to a Hard Drive

1. After booting, insert *Heart of China* disk #1 in Drive A
2. Type **A: [ENTER]**
3. Type **INSTALL [ENTER]**
4. Select "**Copy Heart of China to Hard Drive**" from the Smart Start™ menu.
5. Follow the on screen instructions.

Making a Backup Copy

Heart of China is not copy protected. Smart Start™ has a built in facility for helping you to create a backup.

1. After booting, insert *Heart of China* disk #1 in Drive A
2. Type **A: [ENTER]**
3. Type **INSTALL [ENTER]**
4. Select "**Make a Backup Copy**" from the Smart Start™ menu.
5. Follow the on screen instructions.

Setting Preferences

Smart Start™ will do its best in deciding what type of computer equipment you have, but sometimes it may make a mistake or you may wish to try other graphics modes, sound configurations, etc. To modify Smart Start™ preferences, follow these steps; once you have installed to you Hard Drive.

1. **From a hard drive:** go to the *HOC* directory on your hard drive.
2. Type **INSTALL [ENTER]**
3. Select "**Change Graphics**" or "**Change Sounds/Music**" from the Smart Start™ menu.
4. Follow the on screen instructions.

To run the game type "HOC" from the *Heart of China* hard disk directory.

Abandonware Manuels

TROUBLESHOOTING

Problem: My computer has at least 640K of memory, but I receive a message saying there is not enough memory to run *Heart of China*.
Possible Solution: *Heart of China* requires at least 560K of free memory. Your computer may be running a "pop up" (TSR) program or it may be connected to a device such as a LAN that uses a portion of the memory. In order to run *Heart of China*, you will need to free up some of the computer's memory or select a different graphics mode from the Smart Start™ (Install) program.

Problem: The joystick is not working properly.
Possible Solution: Press **Alt-C** or select "Joystick" under the Calibrate Menu to calibrate the joystick.

Problem: When playing from the keyboard strange things happen such as the cursor moving all around the screen.
Possible Solution: Press **Alt-J** to turn off the joystick or **Alt-D** to disengage the mouse. Also, joystick calibration, **Alt-C**, may alleviate the problem.

Problem: Constantly playing music bugs me, but I still want to hear sound effects.
Possible Solution: Press **Alt-M** to turn off the music or select "music off" from the Options Menu.

Problem: Graphics appear in a mode that I don't want.
Possible Solution: Use Smart Start™ to select the type of graphics you desire. Also check the original package to see if you are running a version of *Heart of China* that contains the graphics mode you are trying to select.
